MASUM MOHAMMAD JUBAYEL

9214 Willow Dr, Grande Prairie, AB, T8X 0H1 | +1 778 998 6849 | masumjubayel@gmail.com | masum@expertmobile.ca

SKILLS

- Cisco Certified Network Associate (CCNA)
- Cybersecurity and Threat Detection
- Desktop Support and Hardware/Software Troubleshooting
- Android OS Troubleshooting and Device Customization
- Network Management and VPN Connectivity
- LAN/WAN Configuration and Troubleshooting
- Knowledge of IP addressing, subnetting, VLANs, and routing protocols (RIP, OSPF, EIGRP)
- IoT Infrastructure Deployment
- Server Maintenance and Server Room Management
- Push-to-Talk over Cellular Dispatch System Configuration
- Configured and troubleshooted Cisco routers and switches using Cisco IOS CLI
- Documentation and reporting of technical issues
- PoC Radio Programming (Inrico & Hytera)
- Web Design and Development
- Firmware Updates Device Provisioning & ADB Scripting
- UNV Video Surveillance Systems
- Network Rack, Patch Panel & Cable Management
- Structured Cabling – Termination, Testing & Certification
- Inventory Management System Development
- Wireless Access Point Deployment and Configuration

EXPERIENCE

EXPERT MOBILE COMMUNICATIONS LTD.

Grande Prairie, AB, Canada

Lead IT Support & Network Administrator 05/2026 to Present

- Deploy, program, and support Inrico and Hytera PoC radios, managing provisioning, configuration, licensing, and dispatch through the Inrico Canada Management Platform and Hytera HyTalk.
- Customize platform settings and device configurations to customer requirements in coordination with Inrico Solutions, Hytera representatives, and technical partners.
- Perform firmware updates and device modifications on Android-based PoC radios, and develop ADB scripts and configuration files for customization, troubleshooting, and maintenance.
- Provide technical support to Inrico dealers, Hytera customers, and partners across North America, including installations, provisioning, dispatch setup, equipment testing, and service calls.
- Maintain the company's IT infrastructure and server room, including network racks, switches, routers, cabling, servers, LANs, and internet connectivity, coordinating with Fusion Business Solutions on upgrades and issue resolution.
- Maintain and troubleshoot UNV video surveillance systems, computers, printers, and office IT equipment.
- Administer Odoo and Point of Rental software, and maintain company websites (expertmobile.ca, cwsupply.ca, and Inrico Canada), including content, product listings, pricing, layouts, and e-commerce features.
- Developed a company inventory management system with stock counting, database reconciliation, receiving and shelf-placement workflows, and transaction tracking to improve stock accuracy and traceability.
- Provide end-user IT support, manage user accounts and access, and maintain technical documentation and service records.

OMNIVIR

Vancouver, BC, Canada

Computer Network Technician 07/2025 to 04/2026

- Installed, configured, and maintained LAN/WAN networks, IoT infrastructure, and web server systems.
- Evaluated and deployed networking hardware, operating systems, and enterprise software solutions.
- Performed routine network startup/shutdown procedures and maintained system control documentation.
- Troubleshot connectivity, server services (including Opera systems), and network performance issues.
- Supported remote engineering teams during validation and post-deployment testing.
- Provided Tier 1–2 troubleshooting for hardware, network connectivity, and operating system issues. Successfully completed 20+ network-focused (Field Nation) work orders involving system deployment and infrastructure support.

GREAT RIVER FINANCIAL SERVICES INC – IT CONSULTING SERVICES

Vancouver, BC, Canada

IT Technician/Field Engineer (Project) 02/2025 to 06/2026

- Installed, terminated, and tested network cabling (Cat5e, Cat6) following structured cabling standards across **20+ Wendy's locations in Greater Vancouver and across BC**.
- Mounted and organized network racks, patch panels, and cable management systems for new and upgraded sites.
- Configured and deployed networking devices including switches, routers, and wireless access points.
- Set up and troubleshot POS (Point of Sale) systems, computers, printers, and other network peripherals.
- Performed cable testing, certification, labeling, and documentation to ensure accurate network records.
- Operated a full set of networking tools including punch-down tools, RJ45 crimping tools, cable testers, tone generators, and certifiers.
- Ensured compliance with safety standards (PPE, ladder use, site cleanliness, and best practices).
- Provided on-site troubleshooting for network connectivity and coordinated with project managers.
- Worked in partnership with **NCR Voyix Corporation**, coordinating with local and remote teams to configure routers and switches, following detailed instructions to complete installations to professional standards with neat and precise execution.

LINK3
Sylhet, Bangladesh

IT Help Desk 06/2019 to 05/2020

- **Help Desk Support**: Delivered first-level technical support via phone, email, and in person, addressing customer inquiries and resolving issues promptly.
- **Desktop Support**: Managed troubleshooting and provided resolution for desktop hardware and software issues, ensuring efficient operation of end-user systems.
- **Hardware/Software Troubleshooting:** Diagnosed and repaired a range of hardware and software problems, enhancing system reliability and user satisfaction.

IMRAN AHMAD TECHNICAL COLLEGE
Sylhet, Bangladesh

IT Lecturer 07/2022 to 03/2023

- Instructed courses including *Computer Office Application I & II, Database Management System, and Digital Tech Business* to undergraduate students.
- Designed and delivered lectures, tutorials, and learning materials tailored to course objectives and student needs.
- Provided academic guidance through individual student consultations, monitored progress, and assessed assignments, projects, and exams.
- Participated in academic research, contributed to departmental knowledge, and interviewed prospective students for admissions.
- Handled administrative responsibilities, including faculty meetings, report writing, and academic planning.

FAIRLEIGH DICKINSON UNIVERSITY
Vancouver, BC

Enrollment Services Clerk 08/2023 to 12/2024

- Assisted prospective and current students with enrollment, registration, and program-related inquiries at the front counter and via email/phone.
- Maintained accurate student records in the university database, ensuring compliance with institutional data management policies.
- Coordinated documentation for admissions, course registration, and credential verification processes.
- Collaborated with academic advisors, faculty, and administrative departments to resolve student concerns promptly.
- Handled high-volume correspondence and managed appointment scheduling for enrollment counsellors.
- Supported orientation sessions and campus events, providing information and guidance to incoming students.

EDUCATION

Master Of Administrative Science: COMPUTER SECURITY AND FORENSIC ADMINISTRATION 3.33 out of 4.0
Fairleigh Dickinson University, Vancouver, BC - May 2025

Bachelor Of Science: COMPUTER SCIENCE AND ENGINEERING 3.41 out of 4.0
Metropolitan University, Sylhet, Bangladesh - May 2019

CERTIFICATIONS

Cisco Certified Network Associate CCNA Routing and Switching
Shahjalal University of Science and Technology, Sylhet, Bangladesh

Web Developer
Web Design and Development Project - ICT Division Bangladesh

Embedded Programming (Microcontroller and Robotics Course)
Metropolitan University, Sylhet, Bangladesh

RESEARCH PAPER

Title - Risk Prediction of Stroke at The Early Stage Using Data Mining Techniques.
Published by IEEE sponsored **2nd International Conference on Innovation in Engineering and Technology (ICIET 2019), University of Dhaka.**

AWARDS

1. **CHAMPION** - Hackathon- LICT SUST TECH-FEST (2019) (04/2019)
2. **CHAMPION** - at Intra MU Tech Emulation V1 2018 (Project Showcasing) (07/2018)
3. **RUNNER UP** - at Intra MU Tech Emulation V1 2018 (Project Showcasing) (07/2018)
4. **PARTICIPATED** - at Student to STARTUP contest under ICT Division Bangladesh and achieved one of the positions of Top 75 Startups of the contest

***N.B.: Holder of a valid Class 5 Driver's Licence.*
